## FEATURES

Granite's own proprietary brand of LAN and Connectivity products. Manufactured to meet ANSI/TIA/EIA 568C.2 cabling standards, Granite Connectivity is ideal for applications of horizontal and backbone structured cabling for data, video, and audio. All components are compatible with any major US-based connectivity products and can be certified for a 25 year warranty.

## BENEFITS SAVINGS

Granite saves you money on cable and jacks compared to other cable suppliers. With our competitive pricing, we continue to provide all the services to complete the job.

## GET MORE

Your purchases earn you Preferred Partner privileges, including bulk discounts and early access to service work.

## GUARANTEED

Benefit from warrantied quality when you use Granite Connectivity end-to-end .
