

One Consolidated Solution. **One Clear Choice.**

One Point
of Contact
24/7/365

Wireless

Now, Granite Telecommunications customers can manage their wireless phone service through their new or existing account. With our premium services and unparalleled customer support we offer the flexibility and product choices your company demands.

The right service plan

Unlimited mobile to mobile calling, unlimited nationwide long distance and unlimited nights and weekends starting at 7:00pm

Today's most advanced products

Mobile Broadband, EVDO (Evolutionary/Data Optimize) high-speed data air cards, Mobile Email, GPS Applications, push-to-talk wireless phones and a huge selection of PCS wireless phones including Blackberry® and Treo®.

One company, nationwide

Our nationwide coverage means where ever you go, we go. From coast to coast and border to border Granite Telecommunications offers the most complete network.

A single customized bill

We will consolidate all of your telecommunications services; POTS, wireless, Broadband and Infrastructure Solutions into one

bill formatted to fit the needs of your payables organization. Granite will not require a volume commitment to consolidate your wireless services and will provide your company with a premier account executive to handle day to day service and billing requests.

When you choose to use Granite Telecommunications wireless service or take advantage of our entire suite of offering – **POTS** (Plain Old Telephone Service), **Broadband**, and **Infrastructure Solutions** you will see dramatic cost savings and a decrease in administrative burdens with;

- > One point of contact, available 24/7/365
- > One bill, customized to fit your needs
- > One company, offering nationwide service, coast to coast and border to border
