Customized Solutions

Introducing Granite SIMplicity, providing LTE data on multiple Tier 1 Carriers across the USA for 'Geographic Perfection'.

Compatible with most Enterprise Data Devices such as Tablets and mobile M2M/IoT Devices, the SIMplicity Multi Carrier Solution is convenient, flexible and cost efficient for any of our partners that conduct business on the move and require enhanced data coverage.

FEATURES AND BENEFITS SIMplicity Solution

- Access to multiple carrier networks from a single SIM, providing improved coverage for data.
- Covers the top 3 US LTE mobile providers, automatically seeking and utilizing the strongest signal nationwide.
- The Granite Daily Dashboard allows management from a single platform across multiple carriers, giving you total control of your mobile data experience.
- *Only available on enterprise mobile data devices and select mobile IoT/M2M applications.*
